Hi Don,

Hope all is well and that your having a great week...weekend is near!

Sorry in advance for the late ask but was wondering if the Westchester Town Center BID was interested in submitting a letter of support for Metro's TIGER grant application to the US Department of Transportation for additional funding for the Airport Metro Connector project? TIGER stands for Transportation Investment Generating Economic Recovery (TIGER) and as I am sure you know, it is a competitive grant program that has helped fund many projects in the region including the Crenshaw/LAX Line.

Metro will be submitting a grant application for the Airport Metro Connector Project and we want to make sure it competitively stands out against the hundreds of other applications being submitted from around the Country. This is a huge project needed to complete the transit connection to LAX.

LAWA and our Office will be submitting letters of support and to the extent the BID would like to submit one too, that would be great! If interested, attached is a template letter for you to consider using. The signed letter should be sent directly to the US Secretary of Transportation, Anthony Foxx, with an electronic copy sent to Metro. Unfortunately there is a tight turnaround on these letters as they need to be submitted by next Friday, April 22.

Sorry again for the late notice but if interested in submitting, please let me know. And if you have any questions, please give me a ring!

Thank you Don!!
